

clicksmart™ guarantees that each full month, your listing results page will get at least 500 unique users. We have met or exceeded that guarantee each and every month we have been in business. However, if we ever do fail to meet the guarantee, we will provide twice the number of unique users the following month. For example, if we are 100 short one month, you will get an extra 200 unique users the next month for free!
